

PIAL Statement of Position

August 14, 2019

Geographic Relativities for PPC Classification

At the Advisory Board Meeting, it was discussed with the members about ISO's filing for Geographic Relativities for PPC Classification. The Advisory Committee considered and recommended to the Board of Directors that PIAL does not adopt geographic relativities for PPC classifications. The PIAL Board of Directors accepted and approved this recommendation at its meeting of September 12, 2019.
